Subject: RE: 404(g) econ analysis proposed approach

Thanks, Matt. And thanks for calling this morning to talk through these comments with me. Some quick responses to acknowledge our discussion:

Ex. 5 Deliberative Process (DP)

Will keep you updated as we move through the rulemaking process. Glad to have our early and coordinated engagement on this effort.

Thanks!

Karen

Hi Karen,

Here are NCEE's thoughts/comments on the preliminary proposed 404(g) analysis. As we discussed there is nothing show stopping here but some clarification and discussion of additional issues will be needed going forward. Additional comments and concern may also arise as the details of the analysis become clearer. Please let me know if you have any questions or concerns.

Matt

Subject: 404(g) econ analysis proposed approach

Rob and Al,

OWOW is leading a regulation for the 404(g) state assumption approval process. The final rule publication date is January 2021, with a proposal in spring, 2020. Below you will find a summary of the proposed approach for the economic analysis, per your A-3. Matt and I have agreed on this, and Kathy (404(g) team lead) is on board, as well. Al, you heard this proposal in OWOW's call with Vlad this summer. Options Selection covering the analysis is scheduled for mid-October. Please let me know if you have any questions.

Thank you,
Karen

As the analysis progresses, OW will update OP and other workgroup members on the status of the analysis and provide opportunities for input and review.
